

Sprint 2 Plan

(product name)

SYA Team 1 (React/AWS)

11/4/18

(revision #, revision date)

Goal: Complete basic initial functionalities for an artist profile.

User story 1: As an artist, I need to sign up for an account so that I can create and access an artist account

- Task 1: Front end - Submit relevant info (3)
- Task 2: Back end - Initializing user account and storing relevant info (5)
- Task 3: Sign up page using material UI (2)
- Total story points for user story 1: 10

User story 2: As an artist, I need to upload an image so that I have an online portfolio of submittable art.

- Task 1: Front end - interface for choosing and submitting an image (5)
- Task 2: Back end - store images in S3 and link to a Dynamo DB (13)
- Task 3: Front end - create an upload and dashboard page to display the image (3)
- Total story points for user story 2: 21

User story 3: As an artist, I need to sign in to an account so that I access an artist account

- Task 1: Front end - Submit email and password (1)
- Task 2: Back end - safe user information handling with amazon cognito (8)
- Task 3: Front end - Login portal UI (3)
- Total story points for user story 3: 12

User story 4: As an artist, I need to update my profile so that I can update contact info and other relevant information for businesses and other artists

- Task 1: Front end - type in and submit certain amount of characters (2)
- Task 2: Back end - being able to store paragraphs and have them dated (2)
- Total story points for user story 4: 4
