

Sprint 2 Report, Share Yourself Artists, SYA Artists Team 1, 11/9/18.

- **Actions to stop doing:** Team should stop working individually and start communicating more with each other about what exactly we're building. We had a few instances where our work was thrown out because we ended up building the same thing or our functionality wouldn't integrate well together.

- **Actions to start doing:** The team needs everyone present at meetings because we're much more efficient when we're all together in the same room. Our productivity increases significantly when we're in person.

- **Actions to keep doing:** Continue to utilize Scott's help and avoid getting stuck for too long without consulting him.

- **Work completed/not completed:** This is a list of the user stories that were completed during the previous sprint, and a list of the user stories not completed during this sprint (but which were part of this sprint, and were in the sprint plan).
